Dear Pornpisanu,

I am pleased to inform you that the dean of our school thinks the MOU is feasible and she is inclined to sign the MOU. Her personal information is as follows:

Dr. Shenlei,

Academic title--Professor

Dean of Glorious Sun School of Business and Management, Donghua University

The dean is much satisfied that you could offer our students the local rate. But there is still a small question about the tuition.

As a common practice in China, a 5% of commission from each student's tuition is retained as development fund which is basically allocated to service charge and the teachers' international exchange projects. Therefore, we would like to know if the commission rate is included in the offer or not.

In addition, our students have two more concerns :

1. Do you provide accommodation for the exchange students? If yes, how much a student should pay for regular dormitory each year?
2. How long does it take for the students to complete the internship (About how many hours)? Is the internship paid?

I look forward to hearing from you.

Best regards

Lu Yao
